## Moving Equipment

*Numbers beginning with "V" are available in VHS; Numbers beginning with "D" are available in DVD. Numbers with an "\*" behind them are available in DVD and VHS.*

<b>400-VA *</b> (17 min. serious)	<b>Crane Safety</b> Reviews types of cranes; i.e., overhead, jib, and booms. Demonstrates how to do a general inspection before operation, the importance of leveling the crane, how to rig load, basic hand signals, and use of tag lines.
<b>400-VB *</b> (12 min. serious)	<b>Cranes, Chains, Slings &amp; Hoist</b> Discusses common safety rules on using slings with cranes.
<b>400-VC *</b> (14 min. serious)	<b>Crane Operator Safety</b> Discusses: 1) Maintenance, including cleaning/pre-use inspection 2) Operation: awareness of abnormal function, weather conditions, load handling, refueling 3) electrical line hazards and emergencies.
<b>400-VCS</b> (14 min. serious)	<b>Crane Operator Safety - Spanish</b> Spanish version of 400-VC
<b>400-VD *</b> (8 min. serious)	<b>Powered Pallet Jack Safety</b> Covers common hazards associated with using a powered pallet jack, including how to use the equipment.
<b>400-VDS *</b> (10 min. serious)	<b>Electrical Pallet Jack Update - Spanish</b> Covers do's and don'ts for safe use: proper loading, no passengers, careful maneuvering and traffic courtesy.
<b>400-VE</b> (6 min. serious)	<b>Forklift Load Capacity</b> Discusses the three-point suspension system and load capacity.
<b>400-VF *</b> (20 min. serious)	<b>Large Equipment Safety</b> Covers safe use of front-end loaders, backhoes, and general purpose tractors including: Pre-operation safety check; jobsite inspection; safe operation on slopes and in high traffic areas; avoiding roll-over and tipping; and clothing guidelines.
<b>400-VFS *</b> (15 min. serious)	<b>Dump Truck Safety - Spanish</b> Reviews the importance of inspecting vehicles to detect problems. It also covers loading, unloading, dumping safely, vehicle maneuvering, terrain considerations and safety on the road.
<b>400-VG *</b> (13 min. serious)	<b>Forklift Safety</b> Basic forklift rules for safety inspection before use. General guidelines on how to properly transport materials.

## **Moving Equipment Cont.**

**Numbers beginning with "V" are available in VHS; Numbers beginning with "D" are available in DVD. Numbers with an "\*" behind them are available in DVD and VHS.**

<b>400-DH (DVD ONLY)</b> (22 min. serious)	<b>Crane Safety, The New Regulation</b> Addresses changes arising from OSHA's new crane safety standard. Includes: 1)provisions in the new standards 2)overhead power lines 3)spotters 4)operator certification 5)requirements for signal persons 6)qualifications of maintenance and repair employees 7) ground condition inspections 8)crane inspections.
<b>400-VI</b> (10 min. humorous)	<b>Material Handling and Storage</b> Howard Containment and Paula Prevention discuss safe material-handling, storage, hazards involved, PPE to be worn, MSDS and good housekeeping.
<b>400-VJ</b> (10 min. serious)	<b>Warehouse Safety</b> Safe handling, driving and operating of forklifts in a warehouse environment.
<b>400-VK</b> (7 min. serious)	<b>Forklift Loading</b> Good narrative concerning safe operation of forklifts and what NOT to do.
<b>400-VL *</b> (18 min. serious)	<b>Forklift Safety: Operation</b> Covers principles of how a forklift works, capabilities of the truck, load center and stability, safe operation and driving skills, how to protect others, and the operating area.
<b>400-VM</b> (19 min. serious)	<b>Forklift Safety: Inspection</b> Very detailed, instructional video concerning inspection of forklift before use.
<b>400-VN *</b> (22 min. serious)	<b>Knuckleboom Loader Safety Training - Logging</b> Broken down into 3 modules. Module 1: Pre-shift work inspection requirements and procedures. Module 2: Loader operations. Module 3: Knuckleboom Loader maintenance.
<b>400-VO *</b> (27 min. serious)	<b>Forklift OSHA Safety</b> Demonstrates proper way to operate, maintain and inspect forklifts.
<b>400-VOS *</b> (26 min. serious)	<b>Forklift OSHA Safety - Spanish</b> Spanish version of 400-VO
<b>400-VP *</b> (99 min. serious)	<b>Skidder Operators Safety Training</b> Contains 14 separate video segments aimed at preventing personal injury of skidder operators and ground workers. Can be used for mini-safety meetings. Deals with proper daily maintenance of skidder.
<b>400-VQ *</b> (8 min. serious)	<b>Backhoe Safety &amp; Operations</b> Covers PPE, equipment capabilities, limitations, inspection, maintenance checklists, operation rules and digging.
