FIELD CASE MANAGERS Our case managers are well-trained and have a solid reputation for processing and closing claims quickly, smoothly and thoroughly. They are familiar with all of the types of accidents and injuries that occur. The following are some examples of what sets our professionals apart:

- **We ensure injured workers receive prompt, personal and appropriate medical attention.**
- **We help control your claims costs which can reduce your mod.**
- **We have a fully staffed First Report of Injury Team from 6am - 7pm CST and Claims Management is easily accessible 24 hours a day at 1-800-699-6240.**

MONTHLY REPORTING Amerisafe has adopted monthly reporting as the primary method of payment due to fluctuations in payroll. With monthly reporting, you pay the actual premium due based on the payroll for the month - this eliminates the need for estimates which results in less traumatic final audits.
